NUMBER 14.

## DEATHS.

—Mrs. Sallie E. Lair, widow of the late Joe Lair, died at her home, about 3 miles from Paris, Saturday night at 11 o'clock, from the effects of burns received several weeks ago, when her night dress caught fire. Mrs. Lair was aged 65 years, and is survived by two children, Mrs. Frank Current, of Centerville, and Matt Lair, Jr., aged 14 years.

The funeral procession will leave her late residence, on Clay and Kiser pike this (Tuesday) morning, at 10 o'clock, and services held at the grave in the Paris cemetery at 11:30 by Elder C. E. Morgan. The pall-bearers will be W. P. Hume, John Morris, Joe Houston, Jams. Stephens, A. P. Adair, Alfred Batterton.

## Be Home This Week.

The battleship fleet under Rear Admiral Sperry will complete the circuit of the globe at the end of this week, where it is due to arrive at the Virginia Capes, which was the point of its departure on its memorable cruise a year ago last December. The entrance into Hampton Roads and the review by the President will be deferred, however, until Monday of the following week.

## Niagara Falls Blocked.

Only a tiny rivulet, not deep, nor swift enough to carry a pulp log over the brink, is flowing over the American side of Niagara Falls. A strong northeast wind, which has blown since Friday, has held the water and allowed the ice to gain foothold. Two employees of the American Reservation walked from Prospect Point nearly to Bats Island. They desisted from completing the trip merely because they did not care to get their feet wet, a stream at one point being a few inches above the tops of their boots. The gorge below is choked and the rapids have lost their fury, while the whirlpool is barely in motion. This is the third time that this combination of wind and ice has thus affected the falls March 29, 1848, and March 22, 1903.

## Rejects Measure Favoring Knox.

The House of Representatives yesterday rejected the Senate bill removing the constitutional Senate bar to Senator P. C. Knox serving as Secretary of State. By a vote of 179 to 123, in which all party lines were broken, the bill was rejected, the necessary two-thirds required to suspend the rules not being forthcoming. Immediately after this was announced the Committee on Rules held a session and decided to report a rule whereby the bill could be passed by a majority vote during the afternoon.

## Committees Appointed for Bourbon County Fair.

At a meeting of the Board of Directors of the Bourbon County Agricultural Society, Friday afternoon, President Jos. M. Hall, presiding, the following Committees were appointed to conduct the sixty-third annual meeting, which will commence Tuesday, September 7th, and will continue five days, the first named being Chairman of the Committee:

Grounds—R. J. Neely, A. S. Thompson, and J. W. Davis.

Printing—C. A. Webber, E. P. Lowry, J. M. Hall, C. M. Thomas, W. G. Talbott and H. S. Caywood.

Mares for Harness—R. J. Neely, C. M. Thomas and J. W. Davis.

Poultry—J. F. Barbee, J. W. Davis and C. Arnsparger.

Draft Horses—C. M. Thomas, R. B. Hutchcraft and J. D. McClintock.

The question of transportation came up for discussion and the difficulties experienced by the Blue Grass Traction company during the fairs of preceding years and the best method of correcting the trouble was discussed. It was pointed out that the delay experienced by cars plying between the city and the fair grounds, waiting for each other at the turn at Fourteenth street, could be obviated by the additional construction of a switch near Sixteenth street, and a committee consisting of J. T. Hinton, George Rassenfoss, R. J. Neely and F. P. Lowry was appointed to consult with Mayor O'Brien and members of the City Council. The board then adjourned to meet next Friday.

## Beautiful Praise Services.

One of the largest congregations ever assembled in the Second Presbyterian church in this city, crowded the large auditorium Sunday evening to attend the Praise Services, as had been announced for this date. The services were indeed beautiful and highly enjoyed by the large and appreciative congregation, everyone seeming to have a word of praise for the most excellent choir at the close.

The high class musical programme published in our last issue was carried out to the letter consisting of hymns, choruses, quartettes and solos. The hymns were "How Firm a Foundation," "Rock of Ages," and "Stand Up for Jesus," a short and interesting history of the author was given by the pastor, Rev. Dr. B. M. Shive, before each was sung. His remarks in reference being little gems of sermons.

On account of the illness of the little daughter of the regular organist, Mrs. Frank Fithian, at almost the last moment, Mrs. M. H. Bailey was called to take her place at the organ and well did she show what an accomplished and talented organist can do.

Miss Esther Margolen, the talented violinist, assisted in the services in her usual artistic manner with her violin.

Under the directorship of Dr. Frank Fithian the choir at the Second Presbyterian church is fast becoming noted for the excellent musical program that is being rendered Sunday after Sunday. These praise services will be held every few weeks by this well trained choir.

## Merchant Buys Farm.

George K. Graves, the well-known Lexington merchant purchased Saturday the farm of Roger Early, three miles from Lexington, on the Mayville pike, at \$204.50 an acre, or \$34,275 for the 167 1-2 acres. He will live on the farm.

## Father Barry's Estate.

Yesterday afternoon the inventory and appraisal of the estate of the late Father James P. Barry was filed in the Fayette County Clerk's office. The list includes twenty-two typewritten pages and the estate is appraised as being worth \$11,843.41. The library covers the greater number of the pages of the inventory, but he greater report of the value is in U. S. registered bonds, 30 bonds payable in 1925, with matured coupons attached, are now valued at about \$10,000 being shown.

The prediction that a part of the estate would go to the State is disposed of, as already the executors and trustees under the will have located relatives, two nieces, Misses Ward, of Dublin, Ireland. Others may be located later, but these two have already been found.

The bequests made by Father Barry leave a considerable sum to be disposed of and if no relatives or heirs had been found the residue after the bequests were satisfied would have reverted to the State and a balance of six or seven thousand dollars is the probable amount of the remainder.

The appraisal was made by E. A. Holmes, D. G. Falconer and John M. Fisher. The trustees and executors under the will are C. D. McCarty and Louis A. Scott.

## Shall Paris Have A Base Ball League Club?

The above is a question now waiting to be answered, and it is truly hoped by a large number of baseball fans that it will be answered favorably. It depends, however, whether or not the balance of stock in the club can be disposed of. This question must be settled this week or Paris will not be in the Blue Grass League.

There has been about \$1,000 worth of stock subscribed for, but to be a league club it is useless to start with less than \$2,000 capital stock. So there you are. The stronger your club the larger crowds you will draw when visiting your neighboring towns for games. Surely we have enough enterprising citizens in Paris to start the ball to rolling.

Winchester, Richmond, Frankfort, Shelbyville and Lexington are enthusiastic in support of their teams. Why not Paris. Shall we suck the hind teat here forever. League baseball games draw crowds to your city, and this is the reason the above towns support the game and take stock in their respective clubs. It shows that the people are wide-awake in other towns and have enterprise in their bones, while Paris will go abroad throughout the State as a "dead one," not even enough enterprise to risk a few dollars in a league baseball club that will give Paris a name of a hustling, live, wide-awake town.

If the investment pays the stockholders at Winchester, etc., why will it not be a good one in Paris. All we need is a good club and you will find that your investment is a good one. This must be settled this week to get in the league so wake up and subscribe for some of this stock "every little bit helps."

Anyone desiring a share or several shares see either Wm. Shire, J. W. Bacon or Jeff Elgin, Jr. Either of these gentlemen will be glad to explain the while thing to you and take your name. Come to the front now and let Paris have a baseball club that everybody—men women and children—will be proud of.

Grounds will be selected and a grand stand erected at once if the balance of the stock is subscribed this week.

## RELIGIOUS.

—Rev. M. T. Chandler, of the Methodist church will conduct the prayer meeting at the Second Presbyterian church, this afternoon, at 2:30 o'clock, in the absence of the pastor.

### Idiotic War Talk.

The anti-Japanese agitation in California has brought about a renewal of the loose war talk as to the probability of Japan's making war on the United States. Even if Japan's attitude were unfriendly—which it is not—there could be no better answer to such nonsense than the state of Japanese finances.

Japan stands burdened today with a national indebtedness of over \$1,250,000,000. In other words, with a population five-ninths that of the United States its debt is one-third larger. Its credit is virtually exhausted. For a war with the United States it could not borrow a dollar in foreign markets. National bankruptcy would be the speedy result. The Japanese Government, however, lacking in common sense, our own jingoes may be, has sufficient intelligence to foresee the ruinous consequences of war with so rich and powerful a people.

The war with Russia bled Japan white. The drain in men and money was enormous, and the next generation and probably later ones will groan under the cost of dearly bought victories. The Japanese are still a relatively poor people, and of the revenues raised under a crushing system of taxation almost one-third is required by the Government to pay interest on the debt.

In the effort to restore order to the national finances within the last few months it has arranged to curtail expenditures by \$1,000,000,000, of which 40 per cent, is taken from the army and navy estimates. This is not the policy of a government whose heart is set on perilous war. Indeed, it is in striking contrast with the course of the great European powers and the United States, which in times of peace are engaged in a mad race of bloated armaments.

This reckless talk of war with Japan only serves to inflame the agitation against the Japanese on the Pacific coast. Our jingo politicians and navy contractors who continually rant about the need of more and bigger battleships, and the hotheads of the California sand lots, all belong in one class as mischievous disturbers of international peace.

### As to a Destruction of Schools.

New York State alone spent \$73,000,000 for education last year. To maintain their public schools the States and Territories spend annual sums ranging from half a million dollars upward toward the New York figures.

Harold E. Gorst, son of a former British Minister of Education, stands before a New York assemblage of teachers and others and declares that the schools of today ought to be swept from the face of the earth and the present system of education be put out of existence.

If Mr. Gorst were right the various State appropriations for schools would be arranged as misappropriations almost to a criminal degree. But fortunately this visiting agitator could be right only in the unthinkable circumstances that the schools of today were those of yesterday; that only educational processes had stood still while evolution was having its way in all other departments of human activity.

Our American schools are not perfect. They are better than they ever were before, but nowhere are as good as they will be. Through their very shortcomings they are teaching new ways and means all the time to the men who promote and improve them. It is not unlikely that they could afford useful instruction to critics of open mind.

### Japan's Foresight.

So serious is becoming the question of supplying ties for our railroads, that the Santa Fe system recently sent its manager of the timber and tie department on a tour to the Orient and Europe, to make a study of conditions. It was learned, among other things, that three hundred years ago the Japanese government began to conserve its forests; and that, as a result of its foresight, Japan is now selling ties to railroads in this country and Mexico. There is a duty of twenty per cent on each tie imported into the United States. That we should be paying a twenty per cent duty on ties is one among many constantly accumulating evidences of the thoughtless extravagance with which our magnificent timber supply has been ruthlessly swept away.

### Wait and See.

Under the soothing influence of 'possum, sweet 'taters and 'simmon beer President-elect Taft made some generous promises to the people of the South. He was going to be very dangerous to politicians who want a Federal office, and the pie would be distributed without regard to party affiliations. Promises made at a banquet table are frequently of the pie crust order. It will be best to wait and see what happens along this line, for promises by leaders of the Republican party are known not to be worth the making for they are always forgotten when the time comes to act.

### Woman Suffragists Busy.

Woman suffragists are getting busy. They are giving a very emphatic denial to the oft repeated statement that they do not want to vote and are letting it be known that they are very much in earnest in the desire to be permitted to exercise the privilege. Petitions are being widely circulated and signed, under the direction of the International Woman Suffrage Alliance, asking Congress to submit to the Legislatures of the several States for ratification an amendment to the National Constitution which shall enfranchise them.

### What Do They Cure?

The above question is often asked concerning Dr. Pierce's medicines, "Golden Medical Discovery" and "Favorite Prescription." The answer is that "Golden Medical Discovery" is a most potent alternative or blood-purifier, and for its invigorating and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large percent of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchial tubes, stomach (as catarrhal dyspepsia), bowels (as mucous dysentery), bladder, uterus or other delicate organs. Even in the chronic or ulcerative stages of these affections it is often successful in affecting cures.

"The Favorite Prescription" is advised for the cure of one class of diseases—those peculiar weaknesses, derangements and irregularities incident to women only. It is a powerful yet gently acting invigorating tonic and nerve. For weak worn-out, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formula of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines. The words of praise bestowed on the several ingredients entering into "Doctor Pierce's medicines" by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

## THEATRICAL.

### "A MAN OF MYSTERY."

A "Man of Mystery," clothed in  
flowing oriental robes, who reads the  
thoughts of those about him, and  
whose vision extends beyond the walls  
of the home in which he selects to tar-  
ry in the disguise of a servant, is the  
striking central figure of Charles Rand  
Kennedy's celebrated comedy-drama,  
"The Servant in the House," which  
Henry Miller is sending to the Lexing-  
ton Opera House for a three days'  
engagement, beginning Monday even-  
ing, February fifteenth, with special  
matinee on Wednesday. This remark-  
able play has created a sensation in  
various cities because the critics have  
called this servant in the house a rein-  
carnation of Christ. The character is  
treated by the author with such rever-  
ence and dignity, however, that the  
leading clergymen of the country have  
made the play the text for sermons in  
which they have advised the members  
of their congregations to see the won-  
derful drama. The play has been  
praised in the most extravagant terms  
by the leading critics of the country,  
and the enthusiasm of critics has been  
surpassed by that of the theatre-going  
public. Not even "Ben Hur" has  
equalled the records for attendance  
created in various cities this season by  
"The Servant in the House." The play  
will be presented in Lexington by Hen-  
ry Miller's Associate Players, an all-  
star cast. Creston Clarke, who plays  
"The Man of Mystery," is a nephew  
of Edwin Booth and a noted star. Clay  
Clement who appears as the Drain  
man, is another well known star. He  
will be remembered as the German bar-  
on in "The New Dominion." George  
W. Wilson, who has the role of the  
bishop is undoubtedly the most famous  
character actor in the country. He  
was the original king in "If I Were a  
King," and last year played Colonel  
Starbottle in "Salome Jane." "Mr.  
Wilson has starred at the head of his  
own company in the Eastern states.  
Lizzie Hudson Collier will be remem-  
bered as W. H. Crane's leading woman  
in "The Senator" and leading woman  
for Otis Skinner in "The Harvester."  
She has played leading roles for Henry  
Miller, Nat Goodwin, Maude Adams,  
Joseph Jefferson, the elder, and other  
famous American stars. Wilfred  
Rogers, Gwladys Wynne and Henry  
Dorton, who complete the cast, are  
all noted players. Lexington is the  
only city in Kentucky, besides Louis-  
ville, to see "The Servant in the  
House" this season. The extended  
Lexington engagement is arranged  
especially for the accommodation of  
theatre-goers in near-by cities. Mail  
orders addressed to the management  
of the Lexington Opera House will  
receive special consideration, and will  
be filled in the order of their receipt  
when accompanied by remittance.

### \$100 Reward \$100.

The readers of this paper will be  
pleased to learn that there is at least  
one dreaded disease that science has  
been able to cure in all its stages, and  
that is Catarrh. Hall's Catarrh Cure  
is the only positive cure now known to  
the medical fraternity. Catarrh being  
a constitutional disease, requires a con-  
stitutional treatment. Hall's Catarrh  
Cure is taken internally, acting direct-  
ly upon the blood and mucous surfaces  
of the system, thereby destroying the  
foundation of the disease, and giving  
the patient strength by building up  
the constitution and assisting nature in  
doing its work. The proprietors have  
so much faith in its curative power  
that they offer One Hundred Dollars  
for any case that it fails to cure. Send

### Woman on New School Board.

The educational Commission provid-  
ed for by the last General Assembly,  
Tuesday reported an outline of the  
measure that will likely be introduced  
at the next session of the Legislature  
to create a new State Board of Educa-  
tion and prescribe its duties. The  
measure as submitted provides that the  
State Board of Education shall consist  
of seven members, and shall be elected  
by the Senate every two years. The  
Board of Trustees of the State Univer-  
sity shall nominate two persons; the  
Regents of the Western and Eastern  
Normal Schools, one each; the Ken-  
tucky College Association, two; the  
Governor, two City Superintendents  
and two county Superintendents, and  
the Federations of Woman's Clubs,  
two; and from this list of nominations  
the Senate shall elect seven persons,  
who will constitute the Board of Edu-  
cation. If this measure is finally ap-  
proved there is certain to be a woman  
on the Board, something new in Ken-  
tucky. The compensations given will  
be \$5 a day each meeting and the num-  
ber of meeting days must not exceed  
24 days.

### Lincoln Day.

Lincoln day was observed Friday  
throughout the United States and in  
many foreign capitals, probably thou-  
sands of meetings were held in cities,  
towns and hamlets, with varying pro-  
grammes of exercises. The principal  
celebration was that at the Lincoln  
birthplace farm near Hodgenville,  
where President Roosevelt laid the  
corner-stone of the memorial hall that  
is to be erected around the Lincoln  
cabin. The President delivered an ad-  
dress and there were speeches by Gov.  
Willson, former Gov. Joseph W. Folk,  
of Missouri; Secretary of War Luke E.  
Wright, and Gen. James G. Wilson.  
The exercises attracted a crowd of  
several thousand people, despite the  
fact that the day was disagreeable  
from a weather standpoint.

## How To Gain Flesh

Persons have been known to  
gain a pound a day by taking an  
ounce of Scott's Emulsion. It  
is strange, but it often happens.

Somehow the ounce produces  
the pound; it seems to start  
the digestive machinery going  
properly, so that the patient is  
able to digest and absorb his  
ordinary food which he could  
not do before, and that is the  
way the gain is made.

A certain amount of flesh is  
necessary for health; if you  
have not got it you can get it  
by taking

### Death of an Ex-Parisian.

The Lafayette Gazette, of Lafayette,  
La., has following notice of death of  
Mr. Samuel J. Montgomery, an ex-  
Parisian, an uncle of Mrs. A. P.  
Adair, of this county:

"Once again the Gazette is called  
upon to perform the sorrowful task of  
chronicling the death of a fellow citi-  
zen—this time that of Mr. Samuel J.  
Montgomery, who died at 10:50 o'clock  
on the morning of Saturday January  
23. Deceased passed away in the midst  
of his family at his home near this city  
after a brief illness. He had reached  
the ripe age of eighty years, and,  
though the snows of time had whitened  
his hair, he retained vigorous manhood  
and a clear mind up to the time when  
he was stricken by his fatal illness.

"He was a native of Paris, Ken-  
tucky, where he was born of sturdy  
blue-grass stock on March 23, 1829.  
Removing to Louisiana just at the out-  
break of Civil War, he settled in La-  
fayette Parish, marrying Miss Anna  
Breaux of this parish. From this  
union, which proved a perfect and  
happy one, issued several children. Of  
these, ten survive him as follows:  
Mrs. George Doucet, Miss Effie, Robert,  
Richard, James, George, Charles,  
John, Frank and William, all well  
known residents of this locality.

"Mr. Montgomery was a man of  
strong character and Christianly spir-  
it. He cared naught for prominence  
in politics nor for office, but preferring  
to live a life of a public spirited citi-  
zen, adding as a private in the social  
political and economic improvement  
of his country. As a husband and  
father, he was an example of parental  
devotion. As a friend he was respect-  
ed and loved by all.

"The funeral services were held at  
his late residence on Sunday afternoon  
at 2 o'clock, Rev. J. I. Kendrick, of  
the Baptist church, officiating, and the  
burial took place at four in the Protes-  
tant cemetery. The body was escorted  
by members of his family and his many  
friends, who take this last occasion to  
testify to their great esteem.

"Mr. Montgomery leaves a brother,  
John, 84 years old, of Ruddles Mills,  
Ky., and two sisters, Mrs. R. Rounney  
and Miss Ella Montgomery, residents  
of Covington, Ky.

"The Gazette sympathizes profound-  
ly with the family in its great bereave-  
ment."

### Unique Celebration.

About the most unique Lincoln cele-  
bration was at Hamburg Stock Farm,  
in Fayette county, where Nancy Hanks,  
the famous race mare, named for  
Abraham Lincoln's mother, held a large-  
ly attended reception under the aus-  
pices of her owner, John E. Madden.

## For English Ships.

Kentucky timber is to go to England to be made into English ships, suitable timber being scarce in England that it was necessary to send to this country for the material. A raft of sawn timber is in the river at Frankfort awaiting transportation to Cincinnati, from which city it will be shipped by rail to Quebec and there put on board a ship for Liverpool. The timber belongs to G. A. Van Deyender, of Parkersburg, W. Va., and was cut in the mountains of Kentucky. The timber was cut from oak and sawn square, each stick being forty feet long. It is of the finest grade and will be worth considerable money by the time it is delivered to a shipbuilding yard at Liverpool.

## Churches Unite.

The Northern and Southern Presbyterian churches at Shelbyville have about completed all the details of the plan to unite and in the future have but one church to be known as the first Presbyterian church. Articles of agreement have been drawn up making disposition of the church property and asking the two Presbyteries to sanction the union. The union will become effective on April 1st.

## Pays to Advertise in the News.

In Friday's issue of the News a lady advertised the loss of her bear skin muff. About 8 o'clock Friday morning the finder answered the ad. by telephoning the News he had the muff. This is merely a weekly occurrence—hardly a week rolls by that some lost article is not returned to the owner simply by means of a little advertisement in the Bourbon News, see!

## THEATRICAL.

## "THE MERRY WIDOW."

—At the Lexington Opera House Thursday and Friday and Friday matinee, Feb. 25 and 26, Mr. Henry W. Savage's magnificent production of "The Merry Widow" will be presented. It is admitted that Mr. Henry W. Savage, who is without doubt the foremost producer of opera, both light and grand in the English language, has the greatest success of his career in "The Merry Widow," the reigning operatic sensation of the world. The company numbers one hundred people, together with their own special orchestra of twenty-five skilled musicians, and a magnificent scenic and electrical equipment. The sale of seats for this engagement will open Tuesday morning, Feb. 23. The prices will be, lower box \$2.00, balcony first five rows \$1.50, balance of balcony \$1.00, gallery 50c. All orders sent to Manager Scott for seats accompanied by remittance, will receive prompt attention.

## Minority Report.

A minority report on the bill to reduce the salary of the Secretary of State to \$5,000 in order that Philander C. Knox may become eligible to the post, was made in the House yesterday. Champ Clark announced that the matter would be made a party fight and there is little doubt of the bill's passage by the House.

## Sons as Pallbearers.

Six sons of Mrs. Pinkie Richardson, wife of Nat F. Richardson, a prominent and well-known farmer of Franklin county, will bear her body to the grave today. Mrs. Richardson died Saturday at midnight with her family about her. She was an active church worker and had a large number of devoted friends in that county.

## Legislature After Governor.

The Lower House of the Tennessee Legislature has passed the three bills which take the election machinery in Tennessee out of the hands of the Governor. The bills have already passed the Senate and now go to Governor Patterson, who is expected to veto them. One of the bills provides for compulsory primaries in the nomination for county and State offices. Another provides for the election of a State board of elections by the General Assembly, whereas the Governor heretofore has appointed them.

## Preparations for Laymen's Convention.

The arrangements for the Laymen's Convention to be held in Paris, March 12, 13 and 14, are being rapidly perfected by the reception committees.

The Christian Church has been selected as the headquarters for all the meetings and conferences, it being well adapted for the holding of several sectional conferences, at the same time. The following speakers have been secured which make up only a part of the programme:

Dr. E. Y. Mullins, President Southern Theological Baptist Seminary, Louisville, one of the leaders among the Baptists of the world. W. B. Stubbs, General Secretary of Laymen's Missionary Movement, Nashville, one of the leaders in the work of that magnificent organization. Harry W. Arnold, New York City, a man of National leadership. The Covington Y. M. C. A. orchestra of eight pieces will furnish the music at all the sessions. The homes of Parisians will be visited at an early date by the Committee on Entertainment.

## Rubber Gloves.

The \$1.00 kind for 69c for a few days only at Varden's.

## Will Erect Bank Building.

At a meeting of the Board of Directors of the Little Rock Bank in connection with the trustees of Hope Lodge, F. A. M., an arrangement was reached by which the new bank will erect a new two story brick building on the lot of the lodge and immediately East of the present building. The new structure will be 50 feet long and 25 feet wide. The first floor will be occupied by the bank proper and will contain every modern convenience of a well equipped banking institution, while the second floor will be used as the Masonic Hall. The present building will be used by the bank as temporary quarters.

## Plan to Help Negroes.

With a view to helping the condition of the negroes and trying to do away with the criminal class among that race, an appeal will be made to Gov. Willson to establish a society for the negroes similar to that of the Kentucky Children's Home Society. It is the intention of those behind the project to have a society which will do for the negro children of the State what the Children's Home Society is doing for the white children. Miss Rebecca Averil, of Frankfort, is interested in the movement and will put the matter before Gov. Willson to see if something of this kind cannot be done.

**Financial Statement.**

The financial statement of the City of Paris for the year 1908 shows that our city fully sustains her reputation of being the best governed city in Kentucky. Mayor O'Brien and his Board of Council should be proud of being able to show that they have so wisely and successfully conducted the financial affairs in such a creditable manner. On account of the new school building the expenses of last year were increased several thousands of dollars, yet no raise was made in the tax rate, and the report shows nice cash balance on hand, something that is not often found in city treasurers report. In fact, the report speaks for itself and we submit it for the close perusal of every taxpayer in the city. We do not think that the most skeptical can say aught against the fine showing made in this treasurer's report. It reflects much credit upon our painstaking Mayor and the officials under him.

**Small Suburban Home Sites Now Available.**

High values are being obtained for Bourbon farms, the size of the farm seeming to cut little figure. Small farms from five to twenty acres close in to the Paris city limits have never been on the market, and people with means sufficient to buy such homes, have had to look elsewhere, as no one seemed disposed to divide a farm into small tracts. This condition of affairs has at last been temporarily relieved by the real estate firm of Wakefield, Moore & Wakefield, who will cut up the Bayless farm of 114 acres into home sites of from five to twenty acres to suit prospective purchasers.

This farm is within one quarter of a mile of the city limits and Interurban railroad, and is in a high state of cultivation. The soil is deep and rich, well drained, and each tract will be so arranged as to front on the Clintonville pike, one of the main thoroughfares of the county. Messrs. Wakefield, Moore & Wakefield, are the same gentlemen who conducted the sale of lots in the White Addition last year. They have great confidence in the future of Paris and if the division of the Bayless farm into small home sites, suitable for gardening and growing of small fruits, proves popular they will continue to offer small plots of ground for sale and on terms the most liberal.

**BARCALO BEDS**  
DO NOT COME APART OR BREAK DOWN

If you want a bed that will last, that will always be solid and substantial, look to these points:

The corners or couplings—the castings on the posts—are what hold the bed "up," hold it together.

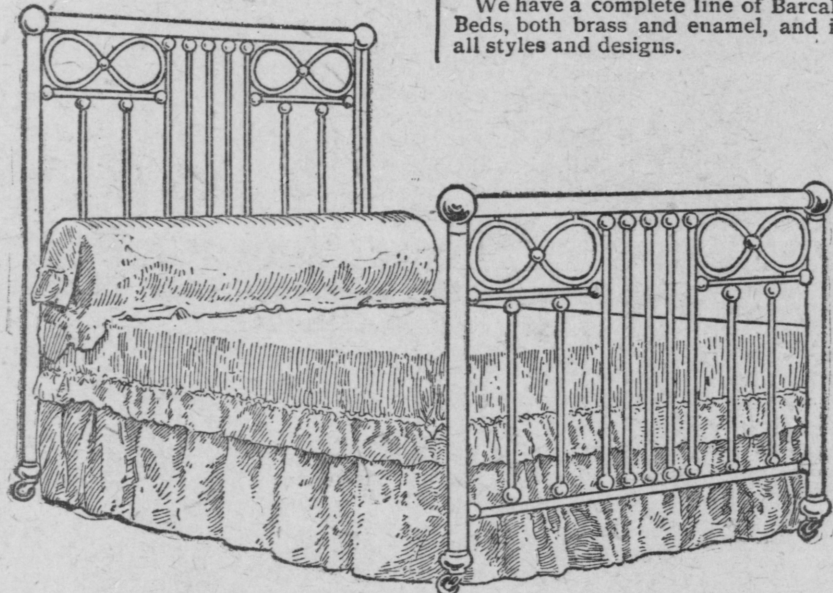

In Barcalo Beds, these castings are of unbreakable malleable iron. So they never break or give way. All connections are so solid that your bed can never come apart, never get shaky or rickety.

And so with all parts. The tubing in the pillars or posts, the cross-pieces, the rods and supports, all are strong and substantial. The parts which hold the casters are put in solidly, so they never get loose, never fall out.

In most other beds, the parts where the strain comes soon weaken.

Then, the finish of Barcalo Beds, whether brass or enamel, will not crack or peel. It is most durable because it is heavy-ply.

We have a complete line of Barcalo Beds, both brass and enamel, and in all styles and designs.

## EXECUTOR'S SALE

## House and Lot

As Executor of Ann Collier, deceased, I will expose to public sale to the highest bidder, at the Court House door in Paris, Kentucky, on

**MONDAY, MARCH 1, 1909,**

at about the hour of 11 o'clock a. m. the following described real estate, to-wit:

A certain house and lot of ground, located on Georgetown Alley in the town of Millersburg, Bourbon county, Kentucky, and more particularly described as follows:

Beginning at a corner to Sam Kavanaugh, running thence North 80 feet to J. G. Allen's line; thence with Allen's line West 104 feet to a stake; thence South to Georgetown Alley 50 feet; thence East with said alley 104 feet to the beginning; being the same property conveyed to said Ann Collier by Robert Morton, &c., by deed recorded in deed book 80, page 26, Bourbon County Clerk's office.

Said sale will be made upon credits of six and twelve months for equal parts of the purchase money, for which purchaser will be required to execute his bonds with good and approved security, payable to the undersigned as said Executor, and bearing interest at the rate of six per cent per annum from date of sale until paid. Possession given upon compliance with the terms of sale.

W. G. McCLINTOCK,  
Executor of Ann Collier.

### World's Lead Production.

The estimated world's production of lead in 1907 was 964,910 metric tons, as compared with 968,174 tons in 1906.

### Insure with W. O. Hinton. Prompt paying non-union companies.

### A Gentle Hint.

A lady who suffered from a neighbor's fowls that overran and spoiled her garden politely asked her neighbor several times to keep her pets at home, but no attention was paid to her grievance. Finally she hit upon an ingenious method of protecting herself. She prepared grains of corn by tying to them with a strong thread small cards bearing the words, "Please keep your chickens at home," and distributed the grains about her flower beds. The chickens came to feast as usual and greedily swallowed the corn, not perceiving the thread until the card was against their beaks. Then they could neither swallow the corn nor rid themselves of the swallowed corn. Twenty or thirty of the marauders ran home, bearing the polite request to their culpable owner, who struck with the method of the hint, promptly cut the threads and cooped up his fowls.

### Cheaper Than Horses.

It is said that the use of an oil or gas engine on the farm results in a saving of from 20 to 50 per cent. as compared with horses.

### Bourbon Boy's Patent a Success.

Owing to the rapid expansion of its business, the Leer Manufacturing Company, of Lexington, which manufactures the Leer patent system of account keeping, moved Wednesday from the third floor of the Lyons building at the corner of Main and Limestone streets into more commodious quarters in the Krauss building on East Short street, Lexington, where it will occupy four floors. Already the plant is working thirty men and its capacity is being taxed to keep up with the orders. Between forty and fifty salesmen are now on the road selling the system in various States.

Mr. Courtland Leer, formerly of this city, son of Mr. and Mrs. C. C. Leer, is the patentee of this system and is at the head of this big concern. The company already has branches in Philadelphia, Indianapolis, Dallas, Tex., and Atlanta Ga.

The system is the converse of the cash register and is intended to handle in a convenient, handy form the accounts of a firm. It is almost indispensable to grocers, butchers, coal dealers and others engaged in the retail business.

Mr. Leer's host of friends in his home county wish him continued success, and trust that his patent will eventually put him in the multi-millionaire column.

### Man has Right to Defend Home.

The right of a man to defend his home against the assaults and abuses of others was made clear by the Kentucky Court of Appeals Friday in reversing the judgment of the Lee Circuit Court in the case of Daniel Boone Watson, Jr., against the Commonwealth.

Watson shot and killed Daniel Boone Horn for insulting his wife and striking his daughter, and was sentenced to the penitentiary for two years on a charge of manslaughter. Three witnesses testified to the insults and attempted assault.

The Appellate Court says that the preponderance of testimony favors Watson, and that "if he had not taken steps to protect his wife and daughter he would not have been worthy of the name of husband or father."

### Kentucky Penitentiaries Crowded

There are more convicts in the Kentucky Penitentiaries now than ever before in the history of the Commonwealth, the total number being 2,035, which does not include over 400 boys and girls that have been sentenced to the School of Reform. In 1898 the Frankfort penitentiary contained 1,423 convicts and was so overcrowded that over a hundred were transferred to Eddyville. Wednesday the number in the penitentiary at Frankfort was 1,410, and when Fayette county and one or two large counties send in their February consignment of new prisoners, the total will be far in excess of the record made in 1898.

When the School of Reform was completed quite a number of young convicts were transferred to that institution, and this fact, and this fact together with the number that have been released on parole, has kept the number inside the walls down below the 1,400 notch for several years. Had it not been for the parole law and the School of Reform, there would probably be over 2,500 convicts now in the penitentiaries instead of the 2,035. All the available cell room is now occupied in the Frankfort prison, and if many more new ones come some cells will be compelled to hold two convicts. If the increase in number continues as it has been doing, it is likely the next Legislature will have to make provision for another cellhouse building, either at Frankfort or at the Eddyville prison.

### Insurance Wins.

The Kentucky Court of Appeals Wednesday, in an opinion written by Judge Carroll, holds valid the riot clause in fire insurance policies, and the companies escape liability under it for the destruction of property in Kentucky by night riders. The opinion was announced in the cases of the Spring Garden Insurance Company, Connecticut Fire Insurance Company, Caledonian Fire Insurance Company, Hanover Fire Insurance Company and Pennsylvania Insurance Company against the Imperial Tobacco Company on appeal from the Caldwell Circuit Court and is a reversal of that court.

### Decrease in Assessment.

The Board of Supervisors for Montgomery county has completed work on the Assessor's Book, and the compilation of County Clerk, John F. King shows the total assessed valuation of property in the county at \$6,004,290, a decrease of \$17,693, of total of 1908.

### Washington's Plague Spots

lie in the low, marshy bottoms of the Potomac, the breeding ground of malaria germs. These germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility and brings suffering or death to thousands yearly. But Electric Bitters never fail to destroy them and cure malaria troubles. "They are the best all-round tonic and cure for malaria I ever used," writes R. M. James, of Louisville, S. C. ### Counting of Electoral Vote.

With impressive ceremony, the closing scene of the Presidential election was enacted Wednesday in the hall of the House of Representatives. In joint session the members of the Senate and of the House of national Congress met and counted the electoral votes for President and Vice President and declared the election of William Howard Taft, of Ohio, and James Schoolcraft Sherman of New York.

After tellers appointed by both houses, and representing both political parties, had carefully scrutinized the returns from the several States, Vice President Charles W. Fairbanks announced that out of the 433 votes in the electoral college 321 had been cast for Taft for President; 321 had been cast for Sherman for Vice President; 162 for William J. Bryan for President and 162 for John W. Kern for Vice President.

Incidentally the fact was recalled that it was the largest vote ever cast for candidates for President in the history of the United States. The recent admission of Oklahoma having added seven votes to the electoral college since this ceremony was performed four years ago.

### HOME CURE FOR ECZEMA.

Oil of Wintergreen, Thymol, Glycerine, etc., Used as a Simple Wash.

It really seems strange that so many people suffer year in and year out with eczema, when it is no longer a secret that oil of wintergreen mixed with thymol glycerine, etc., makes a wash that is bound to cure.

Old, obstinate cases, it is true, can not be cured in a few days, but there is absolutely no sufferer from eczema who ever used this simple wash and did not find immediately that wonderfully soothing, calm, cool sensation that comes when the itch is taken away. Instantly upon applying a few drops of the wash the remedy takes effect, the itch is allayed. There is no need of experiment—the patient knows at once.

Instead of trying to compound the oil of wintergreen, thymol, glycerine, etc., in the right proportions ourselves we are using a prescription which is universally found the most effective. It is known as the D. D. D. Prescription, or Oil of Wintergreen Compound. It is made by the D. D. D. Co., of Chicago, and our long experience with this remedy has given us great confidence in its merits.

### STRANGE ADVICE!

Dr. G. O. Green gives alert personal attention to his great humanitarian contract.

In our Almanac for many years past we have given unusual advice to those afflicted with coughs, colds, throat or lung troubles or consumption. We have told them if they did not receive any special benefit after the use of one 75-cent size bottle of German Syrup, to consult their doctor. We did not ask them or urge them to use a large number of bottles, as is the case in the advertising of many other remedies. Our confidence in German Syrup makes it possible for us to give such advice. We know by the experience of over 35 years that one 75-cent bottle of German Syrup will speedily relieve or cure the worst coughs, colds, bronchial or lung troubles—and that, even in bad cases of consumption, one large bottle of German Syrup will work wonders. New trial bottles, 25c.; regular size, 75c. At all druggists.

G. S. VARDEN & SON, Paris Ky.

## LIVE STOCK AND CROP NOTES

—Broom corn is selling at \$10 per ton at Paris, Ill. The high price is due to the short crop.

—W. G. McClintock bought of Carlisle parties last week, 4 work mules at from \$135 to \$185 per head.

—Bob Oldson, of Little Rock, this county, bought 85 acres, house and orchard from Will Bramblett at \$20 per acre.

—Thos. McClintock of Millersburg, purchased last week of parties near Owingville, 17 head of work mules at from \$140 to \$200 per head.

—Phil Weissinger, manager of U. dulata stock farm, Shelbyville, Ky., sold to Wakefield & Moore a four-year-old mare mule, weight 1,410 pounds for \$250.

—James Kendall of Little Rock, sold 20 barrels of corn to Joe Henry at \$2.75 in the field—take it as it comes. He also sold a load to Wes Puckett at \$3.25 in crib.

—Messrs. G. W. Boote and A. J. Durcan, of Carlisle, sold a jack last week to a western man for \$1,050. They then purchased one from Dr. J. W. Burns for \$942.

—W. A. Bacon, owner of Locanda 2-02, has purchased of R. K. Hart, of Flemingsburg, a chestnut colt, by Pater the Great, first dam by Baron Wilkes, second dam by Nutwood, for \$900.

—The 113-acre Young farm located on the Bryan Station road one-half mile from the city limits of Lexington, was sold at auction Thursday to W. R. Frazier, of Lexington, at \$158.35 an acre. The farm contains a seven-room brick house, a big tobacco barn and various other improvements.

—Those who have examined the fruit buds say the fruit is still uninjured. The untimely warm spell that threatened to develop the buds as to insure their destruction, was succeeded by the cold snap which put a stop to further development, and if nothing further happens to it we will have a good fruit crop. It is not thought the bloom will be as heavy as usual as many of the smaller spurs were killed by the extremely dry weather last fall.

—The following Bourbon county farmers have been paid by County Clerk Paton for sheep killed by dogs during year 1908: Thos. M. Buckner, \$24; Nat Collier, \$7; Lee Deaver, \$27; J. L. & V. K. Dodge, \$61; J. A. Wagner, \$35; W. O. Shropshire, \$12; R. M. Gilkey, \$8; H. B. Anderson, \$12; T. J. Redmon, \$74.40; G. W. Redmon, \$25; G. F. Hardman, \$20; Wm. Meteer, \$5; E. F. Clay, \$24; Bishop Hiber & Bro., \$40; Sallie Hedges, \$84; and R. B. Hutechraft, \$40.

—Owing to the high price of tobacco lands in Barren and adjoining counties, a large number of the farmers are now clearing their new grounds for the purpose of raising the weed. These new lands are said to be the finest lands there are for raising tobacco, and many old valleys and thickets which have heretofore been considered worthless, are being purchased cheap and a force of hands put to work clearing it up and burning plant beds. It is claimed by old citizens that the present high price of tobacco has done more to improve farm lands in Southern Kentucky than anything since the Civil War.

## Pays \$50,000 Fine.

Henry S. Priest, of St. Louis, and H. Clay Pierce, chairman of the board of the Waters-Pierce Oil Company, yesterday filed in the Supreme Court of Missouri an acceptance of the terms imposed upon the company by the recent order of the court. The fine of \$50,000 was paid. The order decree provided that the company must show to the court that it had severed all connection with the Standard Oil Company.

## Alter Richmond's "Gentleman's Poker Game."

The story comes to Paris from Richmond that the vigorous charge of Circuit Judge Benton to the Madison county grand jury, directing it to go to the bottom of the gambling evil, was prompted by a sensational stabbing affray in Richmond a few weeks ago in which two eminent citizens were involved, which is said to have grown out of a dispute in the early morning over the financial settlement of an all night "Gentleman's poker game," that has been one of the social institutions of that city for years, with weekly or semi-weekly "settings."

These sportive citizens are of such high standing in business and official circles that their game has never been disturbed, but Judge Benton seemed determined to break it up, and has given the grand jury to understand that he will keep it in session until it has gone to the bottom of the recent cutting affray.

Richmond is very much stirred up over Judge Benton's charge and everybody is anxiously awaiting the action of the grand jury.

## Going After Blind Tigers.

The February term of the Breathitt Circuit Court began at Jackson yesterday. Summons have been issued for over 500 men to appear and tell what they know about alleged blind tiger operations there. This court's action in this matter will be followed up by the law and order meeting there in April.

## Blizzard Moving Eastward.

The sleet storm which has tied up the Middle West is moving eastward, leaving suffering and destruction in its wake, according to dispatches sent out from Chicago yesterday. The Middle States, east of the Mississippi and the Gulf States, will next feel the full force of the storm, which is scheduled to reach the Atlantic region today.

## Bertillon System at Pen.

The State Prison Board has received the apparatus for measuring and photographing the prisoners of the Penitentiaries of Kentucky according to the Bertillon system, and the system will be put to use at once. The striped suits will be laid aside for the gray suits beginning with next month. On the dangerous and uncontrollable prisoners will wear the stripes.

## Retail Merchants Attention.

We note with pleasure that Messrs. Griggs and Fleming, State organizers of the Retail Merchants Protective Association, are here in the interest of legislation. They will address the retail merchants of Paris at an open meeting and smoker to be held at the Fordham Hotel Friday night, Feb. 19. All merchants interested are cordially invited to attend.
